SUBJECT The Peso and Political Fallout

BROADCAST EXCERPT

LARRY MATTHEWS: A Chase Manhattan assessment of political and economic turmoil in Mexico is raising some eyebrows. Chase says the Mexican government needs to, quote, "eliminate insurgents in southern Mexico to restore stability." But the bank is disavowing the statement as the work of an independent scholar.

The assessment for Chase's emerging markets group was written by Reardon Rowett (?). He is on leave as Director of Latin American Studies at Johns Hopkins, and he isn't saying much of anything right now.

Larry Matthews, NewsRadio 1500, WTOP.
